Introduction:

Prof Brian Oldenburg

Professor and Chair International Health, School of Public Health &
Preventive Medicine, Monash University.

Guest Speakers:

The New Age of Corporate Health

National Health & Hospitals Reform Commission, the Preventative Health
Taskforce, The Health & Productivity Institute of Australia and the HPM
Congress

Dr John Lang

Founding President of HAPIA (The Health & Productivity Institute of Australia)
the peak body for service providers in corporate health and
Managing Director, Good Health Solutions.

WorkHealth - a WorkSafe Victoria Initiative

This is the first Australian program to target the connection between chronic
disease and workplace injury across an entire workforce. The WorkHealth
initiative will involve on-site screening services and advice to Victorian
workers.

Pam Anders

Director of WorkHealth, an initiative of WorkSafe Victoria.
